

Directions for submitting a request for approval of undergraduate degrees/degree programs

Public institutions requesting approval from the Chancellor of the Ohio Department of Higher Education to deliver undergraduate programs are required to complete and submit the enclosed proposal as part of the approval process. If the institution has not already done so, it must submit an Initial Inquiry to begin the review process. Questions about the Initial Inquiry or the proposal template may be submitted to Matt Exline, director for program approval operations, at (614) 728-3095 or mexline@highered.ohio.gov. Once the initial inquiry is received, an institutional mentor will be assigned to the institution to assist in the development and review of the request.

Depending on the nature of the request, the institution may be asked to submit additional information in the form of a **supplement or supplements** (e.g., online course offerings, off-campus locations, flexible delivery schedules etc.). The institutional mentor will assist the institution in determining what forms are needed to complete the review the process.

If the request also requires the approval of the Higher Learning Commission (HLC), or if the institution also intends to pursue programmatic/specialized accreditation for the request, the institution may submit materials prepared for HLC or the programmatic/specialized accrediting body in lieu of submitting this proposal and any applicable supplement forms.

If the institution is submitting a request for an **educator preparation program**, additional information will be requested to complete the review.

The institutional mentor will provide directions for submitting the request. Electronic submission of all review materials is required. The proposal itself must remain a Microsoft Word document. Appendix items should be clearly labeled and may be submitted as Microsoft Office documents (e.g., Word or Excel) or as PDF documents. If the electronic documents are too numerous or too cumbersome to email, you may copy them to a USB drive and then mail the drive to our office.

**REQUEST FOR APPROVAL
SUBMITTED BY:**

Wright State University

Bachelor of Science in Education in Educational Studies (B.S. Ed.)

REQUEST

Degree/degree program title:

Six-digit CIP code (format: XX.XXXX):

13.0101.

Approved/existing programs with same first two CIP code digits (format: CIP code, program name):

Early Childhood Ed: 13.1210

Elementary Education P-5: 13.1202

Intervention Specialist: 13.1007

Middle Childhood Ed: 13.1203

Physical Education: 13.1314

Total Number of Hours in Program: 120 Hours

Primary institutional contact for the request

Name: Nimisha Patel, Ph.D.

Title: Professor and Chair, Teacher Education Department

Phone number: 937-775-4474

E-mail: nimisha.patel@wright.edu

Delivery sites: Wright State University Dayton Campus and Lake Campus

(List all sites where the proposed program will be delivered)

Date that the request was approved by the institution's governing board (e.g. Board of Trustees, Board of Directors):

Proposed start date: Summer 2020

**The expectation is that a program will start within one year of Chancellor approval. Please contact the Chancellor's staff to request an extension.*

Institution's programs:

associate, bachelor, master, doctorate

Educator Preparation Programs:

Indicate the program request leads to educator preparation licenses or endorsements.

Licensure **No**

Endorsement **No**

SECTION 1: INTRODUCTION

1.1 *Provide a brief summary of the request that will serve as an introduction for the reviewers.*

ODHE Note—see attached doc.

The Teacher Education Department (TED) currently and/or will soon offer undergraduate licensure programs in Elementary Education, Middle Childhood, and Intervention Specialist. The purpose of these programs is to prepare candidates to earn an undergraduate degree and a State of Ohio teaching license in their respective program of study. In some cases, candidates may complete most of the coursework, but sometimes one of the following happens:

- The candidate decides he/she does not want to be a teacher
- The candidate is unable to successfully complete student teaching (the final semester of being placed in classroom all day/every day for an entire semester)
- The candidate has to move because of military service
- The candidate chooses to go through the State of Ohio Alternative Licensure Pathway

In any of the bulleted cases above, the current undergraduate degree with licensure programs do not allow candidates to complete the program and ultimately earn a degree. This means that candidates can potentially have most of their coursework completed, but no degree to show for it. In order to address this problem, we have created a new major (Educational Studies) to which the aforementioned candidates can complete in order to earn a degree.

The new Educational Studies major will allow these candidates to use their Elementary Education, Middle Childhood, and Intervention Specialist coursework towards the Educational Studies major; the latter does not involve any educator licensure requirements. The Educational Studies major is 120 hours. Thus, these candidates will be able to complete a degree and graduate in a timely manner and, potentially, with limited additional financial costs.

SECTION 2: ACCREDITATION

2.1 **Regional accreditation**

- ***Original date of accreditation: July 26, 1968***
- ***Date of last review: 2015-2016***
- ***Date of next review: 2025-2026***

2.2 Results of the last accreditation review

Briefly describe the results of the institution's last accreditation review and submit the results (e.g., agency report, accreditation letters, requests for follow-up, etc.) as an appendix item.

The Higher Learning Commission continued the accreditation of Wright State University with a monitoring report on integrity in operations and another on documenting a credit hour policy. Both were completed in 2018.

2.3 Notification of appropriate agencies

- *Provide a statement indicating that the appropriate agencies (e.g., regional accreditors, specialized accreditors, state agencies, etc.) have been notified of the institution's request for authorization of the new program. **Provide documentation of the notification as an appendix item.***

In accordance with HLC policy, the university will send a letter of notification following ODHE approval.

SECTION 3: LEADERSHIP—INSTITUTION

3.1 Mission statement

- *Insert/describe the institution's mission statement.*

3.2 Organizational structure

- *Provide a copy of the institution's organizational chart as an appendix item.*

SECTION 4: ACADEMIC LEADERSHIP—PROGRAM

4.1 Organizational structure

- *Describe the organizational structure of the proposed program. In your response, indicate the unit that the program will be housed within and how that unit fits within the context of the overall institutional structure. Further, describe the reporting hierarchy of the administration, faculty, and staff for the proposed program.*
- *Provide the title of the lead administrator for the proposed program and a brief description of the individual's duties and responsibilities. Include this individual's CV/resume as an appendix item. Dr. Nimisha H. Patel will serve as the lead administrator for the Educational Studies B.S.Ed. Program at Wright State University. In this role, Dr. Patel will be responsible for the following: program application process; collaboration with college-level advising office; curriculum/learning outcomes updates and changes; ODHE proposal submission; collaboration with academic departments in the College of Liberal Arts and the College of Science and Mathematics; program assessments; course scheduling.*
- *Describe any councils, committees, or other organizations that support the development and maintenance of the proposed program. In your response, describe the individuals (by position) that comprise these entities, the terms of their appointment, and the frequency of their meetings.*

4.2 Program development

- *Describe how the proposed program aligns with the institution's mission.*

Wright State University Mission Statement

We transform the lives of our students and the communities we serve. We will:

- build a solid foundation for student success at all levels through high-quality, innovative programs;
- conduct scholarly research and creative endeavors that impact quality of life;
- engage in meaningful community service;
- drive the economic revitalization of our region and our state and empower all of our students, faculty, staff, and alumni to develop professionally, intellectually, and personally.

Educational Studies B.S.Ed. Mission Statement

The B.S.Ed. In Educational Studies program in the Teacher Education Department in the College of Education and Human Services at Wright State University is dedicated to preparing high quality individuals who serve as change agents in a democratic society.

The B.S.Ed. In Educational Studies program develops and nurtures individuals who want to work with schools/children, focusing on professional, intellectual, and personally development through: 1) program quality and academic distinctiveness, 2) student access and attainment, 3) research and innovation, and 4) community partnerships. The B.S.Ed. In Educational Studies program embraces the cycle of simultaneous renewal to elevate the art and science of teaching through creative endeavors.

- *Indicate whether the institution performed a needs assessment/market analysis to determine a need for the program. If so, briefly describe the results of those findings. If completed, submit the full analysis as an appendix item.*

Market analysis was not deemed necessary due to the fact that one of the primary reasons for the program is to provide a pathway to graduation for students who initially started a teacher licensure program but were not able, for a variety of reasons, to complete the program.

In the past, the TED had a general practice of voting to allow students to graduate without licensure. In essence, they would take courses to make up student teaching hours and they would earn the degree. However, they would not be eligible for a teaching license. After an issue related to this process, I contacted WSU General Counsel. We were very clearly advised that the practice of allowing students to 'graduate without licensure' from an actual licensure degree program was not in the best interest of our programs or for WSU; it created legal complications for us. As such, we needed to seek a way to address the needs of candidates who are unable to complete our degree with licensure programs. This new program is our solution. In the last five years, I would estimate that we have allowed 5-7 candidates to graduate without licensure; however, we ceased the practice last year on the advice of General Counsel.

- *Indicate whether the institution consulted with advisory groups, business and industry, or other experts in the development of the proposed program. If so, briefly describe the involvement of these groups in the development of the program.*
- *Indicate whether the proposed program was developed to align with the standards of a specialized or programmatic accreditation agency. If so, indicate whether the institution plans to pursue programmatic/specialized accreditation for the proposed program and provide a timeline for achieving such accreditation. If the program is already accredited, indicate the date that accreditation was achieved and provide information on the next required review.* This program is NOT aligned with the standards of a specialized or programmatic accreditation agency. As such, it will not impact any of our accredited programs in the department. This program will allow the students to have a degree-option that is not related to accreditation, but that will still allow them to work in schools.

4.3 Collaboration with other Ohio institutions

- *Indicate whether any public institution(s) within a thirty-mile radius of your institution offers the proposed program. If so, list the institutions that offer the proposed program and provide a rationale for offering an additional program at this site.* This program is NOT offered by a public institution within a 30-mile radius of Wright State University.
- *Indicate whether the proposed program was developed in collaboration with another institution in Ohio. If so, briefly describe the involvement of each institution in the development of this request and the delivery of the program.* This program was NOT developed in collaboration with another institution in Ohio. This program is meant to serve as a degree completion program for students who are not able to successfully complete an accredited licensure pathway. As such, it is not intended to be a 2+2 pathway.

SECTION 5: STUDENT SERVICES

5.1 Admissions policies and procedures

- *Describe the admissions requirements for the program. In your response, highlight any differences between the admission requirements for the program and for the institution as a whole.*
- Cumulative GPA of 2.75
- Grade of “C” or better in all education content courses
- Dispositional Assessment: Candidate Disposition Inventory (CDI) from ED 2650 OR ED 2750
- One of the following Reading scores:
 - o ACT Reading score of 22 or better
 - o SAT Evidence-Based Reading and Writing score of 543 or better
 - o ETS Praxis Core Reading score of 168 or better
- One of the following Math scores:
 - o ACT Math score of 22 or better
 - o SAT Math score of 533 or better
 - o ETS Praxis Core Math score of 162 or better
- One of the following Writing scores (effective 2021):
 - o ACT Writing score of 6 or better
 - o SAT Essay-Writing Dimension score of 5 or better
 - o ETS Praxis Core Writing score of 165 or better

The requirements for this program align with the requirements of the licensure programs in the Teacher Education Department. The GPA, course grade, and standardized test requirements are higher than what is required to be admitted to Wright State University.

- *Describe the transfer credit policies for the proposed program, including the use of credit transfer review committees and the maximum number of hours that can be transferred into the program. In your response, specifically address the credit that may be transferred*
 - *according to the Department of Higher Education’ Transfer Assurance Guide (TAG) and Career Technical Credit Transfer (CT²) initiatives; and*
 - *other types of transfer credit awarded toward major program requirements (e.g., AP, life experience, CLEP, portfolio, etc.).*

5.2 Student administrative services

- *Indicate whether the student administrative services (e.g., admissions, financial aid, registrar, etc.) currently available at the institution are adequate to support the program. If new or expanded services will be needed, describe the need and provide a timeline for acquiring/implementing such services.*

5.3 Student academic services

- *Indicate whether the student academic services (e.g., career services, counseling, tutoring, ADA, etc.) currently available at the institution are adequate to support the program. If new or expanded services will be needed, describe the need and provide a timeline for acquiring/implementing such services.*

SECTION 6: CURRICULUM

6.1 Introduction

- Provide a brief description of the proposed program as it would appear in the institution’s catalog.

ODHE Note: See attached documentation

6.2 Program goals and objectives

- Describe the goals and objectives of the proposed program. In your response, indicate how these are operationalized in the curriculum.

6.3 Course offerings/descriptions

- Complete the following table to indicate the courses that comprise the program. Please list courses in groups by type (e.g., major/core/technical, general education, elective) and indicate if they are new or existing courses.

Course (name/number)	No. of credit hours (q/s)	Major/ Core/ Technical	General Education	Elective	OTM, TAG or CT ² equivalent course	New/Existing Course
<i>e.g., MTH130: Statistics</i>	<i>e.g., 3s</i>		<i>X</i>		<i>X</i>	<i>e.g., Existing</i>
<i>e.g., BUS150: Into to Management</i>	<i>e.g., 3s</i>	<i>X</i>			<i>X</i>	<i>e.g., Existing</i>
<i>e.g., BUS350: Managing Healthcare Facilities</i>	<i>e.g., 3s</i>			<i>X</i>		<i>e.g., New</i>

Provide a brief description of each course in the proposed program as it would appear in the course catalog. In your response, include the name and number of the course. **Submit course syllabi as appendix items.**

6.4 Program sequence

Provide the intended/ideal sequence to complete the program in the table below. An example is provided. Add additional time periods as needed.

Time period	Curriculum component	Time period	Curriculum component
<i>e.g., Year 1 Fall Semester</i>	Courses/Activities	<i>e.g., Year 1 Spring Semester</i>	Courses/Activities
	<i>BIO 145: Biology</i>		
	<i>BUS150: Intro to Management</i>		
	<i>PSY100: Intro to Psychology</i>		
	<i>MTH 130: Statistics</i>		
Time period	Curriculum component	Time period	Curriculum component
<i>e.g., Year 2 Fall Semester</i>	Courses/Activities	<i>e.g., Year 2 Spring Semester</i>	Courses/Activities
Time period	Curriculum component	Time period	Curriculum component
<i>e.g., Year 3 Fall Semester</i>	Courses/Activities	<i>e.g., Year 3 Spring Semester</i>	Courses/Activities
Time period	Curriculum component	Time period	Curriculum component
<i>e.g., Year 4 Fall Semester</i>	Courses/Activities	<i>e.g., Year 4 Spring Semester</i>	Courses/Activities

Total Number of credits in the program _____

6.5 Alternative delivery options (please check all that apply): None of the Following Apply

- More than 50% of the program will be offered using a fully online delivery model
- More than 50% of the program will be offered using a hybrid/blended delivery model
- More than 50% of the program will be offered using a flexible or accelerated delivery model

For the purposes of this document, the following definitions are used:

- an **online course** is one in which most (80+%) of the content is delivered online, typically without face-to-face meetings;
- a **hybrid/blended course** is one that blends online and face-to-face delivery, with substantial content delivered online;
- a **flexible or accelerated program** includes courses that do not meet during the institution's regular academic term as well as courses that meet during the regular academic term but are offered in a substantially different manner than a fixed number of meeting times per week for all the weeks of the term.

6.5 Off-site program components (please check all that apply):

- Co-op/Internship/Externship
- Field Placement
- Student Teaching
- Clinical Practicum
- Other

SECTION 7: ASSESSMENT AND EVALUATION

7.1 Program assessment

- Describe the policies and procedures in place to assess and evaluate the proposed program. In your response, include the following:
 - Name of the unit/position responsible for directing assessment efforts;
 - Description of any committees or groups that assist the unit;
 - Description of the measurements used;
 - Frequency of data collection;
 - Frequency of data sharing; and
 - How the results are used to inform the institution and the program.

The Assistant Dean for Assessment and Accreditation directs the assessment efforts of the college in collaboration with department chairs and program directors. Each program in the Department of Teacher Education has a program committee comprised of faculty, the Assistant Dean or Data Analyst, and the department chair that meets several times each semester to discuss the program.

All students will be assessed on the learning outcomes for the program using multiple measures throughout the program: in the ED 2650 and ED 2750 Practicum courses and within assessment and instructional methods courses or other courses within the respective Professional Core in each concentration.

Key assessments are embedded with specific courses and data are collected at that point. Each fall faculty come together to review and discuss all the key assessment data for the previous year and determine actions for improving the program. Faculty produce an Annual Assessment Report each fall that is submitted to the Provost's Office.

7.2 Measuring student success

- *Describe the policies and procedures in place to measure individual student success in the proposed program. In your response, include the following:*
 - *Name of the unit/position responsible for directing these efforts;*
 - *Description of any committees or groups that assist the unit;*
 - *Description of the measurements used;*
 - *Frequency of data collection;*
 - *Frequency of data sharing;*
 - *How the results are used to inform the student as they progress through the program; and*
 - *Initiatives used to track student success after program completion.*

The B.S.Ed. in Educational Studies will be directed by the Chair of the Teacher Education Department. The committees that will assist the Chair include the Middle Childhood Education Program Committee, the AYA/MA Program Committee, and the Elementary Education Program Committee. Candidates who are not successful in one of these 3 licensure programs will have the opportunity to complete the B.S.Ed. in Educational Studies as an avenue toward degree completion without additional time and financial resources towards degree completion. Studies in the B.S.Ed. in Educational Studies will complete courses that have Key Assessments within their respective programs. Such assessments, such as Unit Plans, Data-Based Assignments, Field Experience assessments will provide the committees with essential data to examine student success and programmatic decisions. Each committee meets monthly to discuss the program requirements, changes, student concerns, etc. Student meetings and/or concern conferences are conducted as needed. Aggregated data related to field experiences, course success, and dispositions are discussed to address any concerns related to students in the programs. Data are collected once or twice a semester during a student's third and fourth years. Early Field Experience data are also collected during Freshman/Sophomore years. Data will be analyzed as with typical departmental practice, on an annual basis. The committees analyze data and make decisions related to student progress, programmatic requirements, etc. An annual report is written for each committee and submitted to the College's Assistant Dean for Assessment and Accreditation. The department utilizes completer surveys to track student success. Faculty also make all attempts to collected non-university affiliated emails to stay in touch with graduates and stay abreast of career success/paths.

SECTION 8: FACULTY

Faculty who currently serve the department's existing undergraduate licensure programs will serve the

B.S.Ed. in Educational Studies as well. No additional faculty are needed to support this new program. Additionally, no new courses will need to be developed specifically for this program. All current resources will meet the needs of the students for whom this program is intended.

8.1 Faculty appointment policies

- *Describe the faculty designations available (e.g., professor, associate professor, adjunct, instructor, clinical, etc.) for the proposed program's faculty. In your response, define/describe the differences between the designations.*
- *Describe the credentialing requirements for faculty who will be teaching in the program (e.g., degree requirements, special certifications or licenses, experience, etc.).*
- *Describe the institution's load/overload policy for faculty teaching in the proposed program.*
- *Indicate whether the institution will need to identify additional faculty to begin the proposed program. If additional faculty members are needed, describe the appointment process and provide a timeline for hiring such individuals.*

8.2 Program faculty

- *Provide the number of existing faculty members available to teach in the proposed program.*

Full-time:

Less than full-time:

- *Provide an estimate of the number of faculty members to be added during the first two years of program operation.*

Full-time:

Less than full-time:

8.3 Expectations for professional development/scholarship

- *Describe the institution's general expectations for professional development/scholarship activities by the proposed program's faculty. In your response, describe any differences in the expectations for tenure-track vs. non tenure-track faculty and for full-time vs. part-time faculty. Indicate the financial support provided for such activities. **Include a faculty handbook outlining the expectations and documenting support as an appendix item.***

8.4 Faculty matrix

- *Complete a faculty matrix for the proposed program. A faculty member must be identified for each course that is a required component of the curriculum. If a faculty member has not yet been identified for a course, indicate that as an "open position" and describe the necessary qualifications in the matrix (as shown in the example below). **A copy of each faculty member's CV must be included as an appendix item.***

Name of Instructor	Rank or Title	Full-Time or Part-Time	Degree Titles, Institution, Year Include the Discipline/Field as Listed on the Diploma	Years of Teaching Experience In the Discipline/Field	Additional Expertise in the Discipline/Field (e.g., licenses, certifications, if applicable)	Title of the Course(s) This Individual Will Teach in the Proposed Program Include the course prefix and number	Number of Courses this Individual will Teach Per Year at <u>All</u> Campus Locations
<i>e.g., John Smith</i>	<i>e.g., Professor, Assistant Professor, Adjunct Professor, Lecturer, etc.</i>	<i>FT or PT</i>	<i>e.g., M.S., Mathematics, ABC University, 1990</i>	<i>e.g., 6</i>		<i>e.g., MTH120: College Algebra MTH148: Analytic Geometry</i>	<i>e.g., 7</i>
<i>Open Position</i>	<i>e.g., Professor, Assistant Professor, Adjunct Professor, Lecturer, etc.</i>	<i>FT or PT</i>	<i>e.g., Master's in English required</i>	<i>e.g., 3 years minimum</i>		<i>e.g., ENG 100: English Composition I, English Composition II</i>	<i>e.g., 4</i>

SECTION 9: LIBRARY RESOURCES AND INFORMATION LITERACY

9.1 Library resources

- Describe the involvement of a professional librarian in the planning for the program (e.g., determining adequacy of current resources, working with faculty to determine the need for additional resources, setting the budget for additional library resources/services needed for the program).
- Describe the library resources in place to support the proposed program (e.g., print, digital, collections, consortia, memberships, etc.).
- Describe any additional library resources that will be needed to support the request and provide a timeline for acquiring/implementing such services. Where possible, provide a list of the specific resources that the institution intends to acquire, the collaborative arrangements it intends to pursue, and monetary amounts the institution will dedicate to the library budget to support and maintain the proposed program.

9.2 Information literacy

- Describe the institution's intent to incorporate library orientation and/or information literacy into the proposed program. In your response, describe any initiatives (e.g., seminars, workshops, orientations, etc.) that the institution uses or intends to use for faculty and students in the program.

SECTION 10: BUDGET, RESOURCES, AND FACILITIES

Faculty who currently serve the department's existing undergraduate licensure programs will serve the B.S.Ed. in Educational Studies as well. No additional faculty are needed to support this new program. Additionally, no new courses will need to be developed specifically for this program. All current resources will meet the needs of the students for whom this program is intended.

10.1 Resources and facilities

Describe additional resources (e.g., classrooms, laboratories, technology, etc.) that will be needed to support the proposed program and provide a timeline for acquiring/implementing such resources.

10.2 Budget/financial planning

Complete the table on the following page to describe the financial plan/budget for the first four years of program operation.

Fiscal Impact Statement for New Degree Programs

	Year 1	Year 2	Year 3	Year 4
I. Projected Enrollment				
Head-count full time	3	7	10	10
Head-count part time	1	1	2	3
Full Time Equivalent (FTE) enrollment	3.5	7.5	11	11.5
II. Projected Program Income				
Tuition (paid by student or sponsor)	*134,092	*287,340	*421,432	*440,588
Expected state subsidy				
Externally funded stipends, as applicable	\$0	\$0	\$0	\$0
Other income (if applicable, describe in narrative section below)	\$0	\$0	\$0	\$0
*Calculated at 2019-2020 guaranteed tuition (\$4789) x 8 semesters x estimated # of students				
Total Projected Program Income	**134,092	**287,340	**421,432	**440,588
**does not include state subsidy				
III. Program Expenses				
New Personnel <ul style="list-style-type: none"> • Instruction (technical, professional and general education) <ul style="list-style-type: none"> Full _____ Part Time _____ • Non-instruction (indicate role(s) in narrative section below) <ul style="list-style-type: none"> Full _____ Part time _____ 	\$0	\$0	\$0	\$0
New facilities/building/space renovation (if applicable, describe in narrative section below)	\$0	\$0	\$0	\$0
Scholarship/stipend support (if applicable, describe in narrative section below)	\$0	\$0	\$0	\$0
Additional library resources (if applicable, describe in narrative section below)	\$0	\$0	\$0	\$0
Additional technology or equipment needs (if applicable, describe in narrative section below)	\$0	\$0	\$0	\$0
Other expenses (if applicable, describe in narrative section below)	\$0	\$0	\$0	\$0
Total Projected Expense	\$0	\$0	\$0	\$0

Budget Narrative:

(Use narrative to provide additional information as needed based on responses above.)

Budget Information

The courses for three of the concentrations in the B.S.Ed. Educational Studies program are already required for candidates in the Elementary Education P-5, Early Childhood Education, Middle Childhood Education, and Intervention Specialist Education majors. The fourth concentration includes courses already required for programs within the department and in other departments across campus. Thus, this new major does NOT require any new courses, additional faculty, or any additional course offerings. Consequently, this major will

allow candidates to complete an undergraduate program, without any additional WSU financial resources required.

Commitment to Program Delivery

Provide a statement of the institution's intent to support the program and assurances that, if the institution decides in the future to close the program, the institution will provide the necessary resources/means for matriculated students to complete their degree.

Verification and Signature

Wright State University verifies that the information in the application is truthful and accurate.

Dr. Susan Edwards, Provost and Executive Vice President for Academic Affairs
